Please read the instructions and look at the pictures before attaching the ProClip.

1. Press the thin end of the enclosed gap opener into the gap between the center console panel panel and the narrow trim. Then gently pull out to loosen the panel, and remove it. Remove the screw under the panel. Use the thin end of the gap opener to loosen the panel.

2. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Peel off the adhesive tape cover on the ProClip. Hook the curved edge over the panel edge. Press firmly down on top of the ProClip so the angled edge on the lower part hooks around the panel edge. Push the panel back into place.

3. Secure the panel with the removed screw. Pop the narrow trim back into place.

4. The ProClip is in place.
